Field Report

- Field is in good condition members have been flying within the restrictions laid out in our Covid communication Members are encouraged to bring out weed eaters and perform cutting as required . the toro and huskvarna are now in the brown door seacan combination is the same as the gate. Feel free to use them as required.
- Garbage has been picked up. Another toilet service will be scheduled for Nov 1 that is when calcium is added to stop freezing. Field email is working well.
- Discussion around use of the John Deere tractor by all members. Intent was never to restrict access it evolved into that scenario because of the break in and lock boxes on the sea cans we will change the combinations in January when the locks get updated so they all match.
- Dave will contact Terry and see if he is willing to provide instruction on the care and feeding and driving of the John Deere for those who are not familiar with a ZTR tractor.
- Brown sea can now has the new style lock box installed Thanks Randy
- It was determined that ongoing maintenance on the FPV field should be continued as of the work that would be required to re-establish it VS the continued cutting. As well it was suggested it could be used for remote control vehicles as well as control line one discipline at a time to enhance its use.

Old Business

- Spring cleanup required maintenance blue sea can will need painting as well as a refresher coat on the brown one. A couple of picnic tables will require new tops, gravel for the driveway, some possible drainage issues may need to be done as water is flowing in from the transfer station. This may be resolved as work was completed there this fall. An ask that members bring forward any projects they feel need done. Date to be set once the melt begins: UPDATE we will try to set up a work day and fire hot dog roast to get some of the work done latter in the month as restrictions allow. **CLOSED**
- Scale event cancelled may look to hold it in the fall depending on Virus restrictions **CLOSED**
- Electric event status we will leave as it is for now re-evaluate next meeting **CLOSED**
- Game Cams or equivalent for inside sea can and or some signs stating video surveillance to put on the sea cans **CLOSED**
- For spring cleanup task list will be built and placed on bulletin board as tasks are completed they can be checked off supplies will be placed in the Brown sea can **CLOSED**

- Eric will check with Boarder paving re gravel for the driveway **PENDING**

New Business

- Executive will review the new MAAC updates that came out today and determine what if any action is required **PENDING**
- Replacement signage for the warning and reminder signs that hang on the fences requires updating we will look into that in the spring as well as any possible updates required with the new MAAC regulations **PENDING**
- 2 of our members passed away this year Moe Bain and Don McGowan, Dave McGowan has submitted an obituary to MAAC for Don to be printed in the magazine. **CLOSED**
- There will continue to be no club events scheduled due to the ongoing Covid concerns **CLOSED**
- Dave will send out an email reminder about the upcoming elections as the current executive has been in place for several years and conflicts are occurring for some executives we will require members to step up into the executive. **PENDING**

Adjourned 8:25 pm

details on next meeting for October will be sent out later in the month to align with the virus situation and restrictions.
